

**HUB CITY
IRON WORKS**

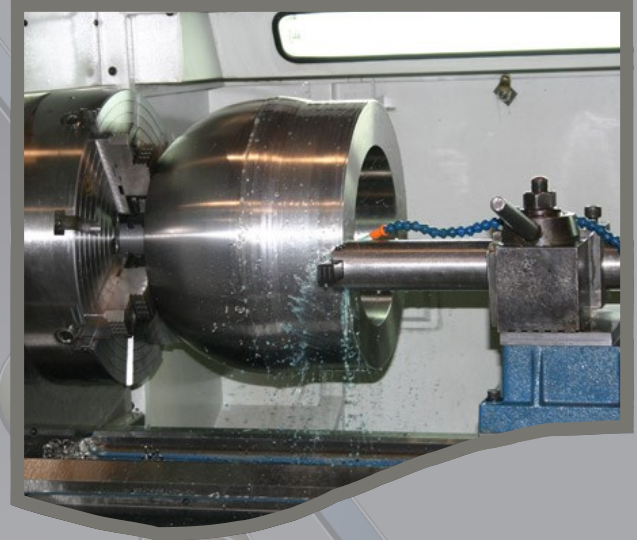

MANUFACTURING SERVICES

Hub City Iron Works specializes in the design, manufacture and service of the Hub City product line and has done so since 1957. Based in Rayne, LA in a facility of over 50,000 sq-ft, Hub City Iron Works is the only OEM producer of this equipment. Please visit our website at www.hubcityironworks.com for more information.

In addition to this, Hub City also offers design, fabrication and machining services to a wide array of industries.

Our services include:

1. Welding & Fabrication by certified welders
2. Machining services (CNC & Manual)
3. CNC Routing
4. CNC Tube Bending
5. CNC Plasma & Oxy fuel cutting/profiling
6. Blasting & Powder Coating
7. Mechanical, Hydraulic & Electric design & Assembly
