

XPCM Roller Bearing Upgrade

Longer Lasting XPCM Sealed Roller Bearings

Hub City Iron Works is excited to present a longer lasting Roller Bearing for their XPCM. Featuring rubber shaft seals to keep out water and other contaminants, these bearings last exponentially longer than previous versions, lessening downtime due to replacements.

Features & Benefits:

- Low Maintenance
- No Greasing Required
- No Welding Required
- Easy Retrofit
- Sealed Against Contaminants
- Field Tested
- Cost Effective
- Reinforced Motor Bracket
